1. INLEIDING | *INTRODUCTION*

Die doel van die STêRHINGS veiling is om aan telers en eienaars van SA Boerperd merries die geleentheid te gee om dekkings van SA Boerperd hingste te verkry. Die ingeskrewe hingste kry so kans om hulself as teelhingste te kan bewys d.m.v. die prestasie van hul nageslag, ± 2 jaar later. Na die dekkings gekoop is, word merries genomineer om deur die betrokke hingste beset te word. Die vullens wat van die oorspronklik genomineerde merries afkomstig is, sal kwalifiseer vir die Stêrvul Kompetisie.
Daar mag later ryklasse geskep word waar die perde (vullens) wat aan die Stêrhings teelprogram deelgeneem het, onder saal geskou sal word.

The aim of the STAR STALLION auction, is to give breeders and owners of SA Boerperd mares the opportunity to obtain coverings of SA Boerperd Stallions. The stallions that were entered in the Star Stallion Auction thus have the opportunity to establish themselves as breeding stallions through the accomplishments of their progeny ± 2 years later. After the coverings has been sold at the Star Stallion Auction, mare that will be covered to carry these foals, are nominated. Only the foals born as result of the Star Stallion program will be eligible to enter for the Star Foal competition.
Ridden classes, specified for Star Foals, may be included in subsequent show programs.

Fondse wat deur die stêrhings / stêrvul projek ingesamel word, word as prysgeld vir die stêrvul wenners uitbetaal.
Money generated through the Star Stallion / Star Foal project, will paid out as prize money in the Star Foal competition.

2. REËLS & REGULASIES| *RULES & REGULATIONS*

2.1 FOOIE & ANDER | *FEES & OTHER*

2.1.1 Alle fooie is betaalbaar aan die SA Boerperd Telersgenootskap se Stêrhings-fonds.
Alle gelde ingesemel deur die Stêrhings Veiling, word as prysgeld uitbetaal tydens die betrokke Stêrvul beoordeling.
All fees are payable to the SA Boerperd Breeders' Society's Star Stallion fund.
The money raised from the Star Stallion Auction, will be paid out as prize money at the related Star Foal judging.

2.1.2 Hingste word genomineer deur die eienaar teen 'n nominale fooi van R1000.00 per hings.
Stallions are nominated by their owners at the nominal fee of R1000.00 per stallion.

2.1.3 Met hierdie nominasie gee die eienaar van die betrokke hings toestemming dat **een dekking** van die hings tydens die Nasionale Kampioenskappe, of op enige ander platform soos deur die Raad bepaal, opgeveil mag word.
With the nomination, the owner of the stallion gives permission that one covering of his nominated stallion can be auctioned off during the National Championships, or on any other platform specified by the SA Boerperd Board.

2.1.4 Die dekking wat verkoop word tydens die Stêrhings-Veiling gee aan die koper van die dekking 'n **kopers opsie** om een **merrie van sy keuse** te kan laat dek. Die dragtige merrie word dan klaar genomineer as die vul se moer vir deelname aan die Speenoud Bouvorm klas (onder 12 maande) na geboorte.
*The covering as sold at the Star Stallion Auction, gives the buyer of the covering a **buyers option** to select **one mare of his/her choice** to be covered. The pregnant mare is nominated as the dam of the star foal that will compete in the weaned Star Foal class, under 12 months.*

2.1.5 Indien ʼn genomineerde hings se dekking nie verkoop word nie, het die eienaar van die hings die reg om **self** ʼn merrie van sy genomineerde hings te nomineer en daarna te laat beset. Daar sal geen verdere koste van die eienaar verhaal word nie.
If a nominated stallion's covering is not sold, the owner of the stallion has the right to nominate a mare of his choice to cover with the stallion. There will be no further costs involved.

2.1.6 Die eienaar van die hings waarvan dekking op die veiling verkoop is, het ʼn **skenkers opsie** as sy hings se dekking wel verkoop is. Dit beteken dat die eienaar vir ʼn addisionele nominale bedrag van R1000, ook ʼn merrie van die betrokke hings kan nomineer en laat beset na die datum van die veiling. Hierdie opsie kan hy ook aan iemand anders vir **ten minste R1000** verkoop as hy nie self ʼn merrie wil nomineer nie. Die **totale opbrengs** van hierdie verkope moet egter aan die kantoor vir die Stêrhings-fonds oorbetaal word.
The owner of the stallion of which the covering has been sold, has a donor's option. This means that the owner of the stallion can, for the additional amount of ***R1000.00,*** *nominate a mare of his choice to be covered by the stallion of which the covering was auctioned off. He can also sell his donor's option for R1000 to someone else if he doesn't want to nominate a mare himself. The* ***total income*** *of the sales however is payable to the SA Boerperd Star Stallion fund.*

2.1.7 Geen hings se dekking soos tydens die stêrhings-veiling verkoop, sal geldig of bindend wees indien die stêrhings-nominasie fooi van R 1000 nie betaal is nie, en die nominasievorm nie volledig voltooi en ingehandig is nie. Daar sal **GEEN** uitsonderings gemaak word nie. Die koper van die dekking het 30 dae (of andersins op die bieërs registrasievorm gespesifiseer), tyd om die geld oor te betaal aan die SA Boerperd Telersgenootskap.
No covering sold at the Star Stallion auction, will be deemed valid or binding if the Star-Stallion nomination fee of R1000.00 is not paid, and the nomination form is not completed in full. ***NO*** *exceptions will be made. The buyer of the covering has 30 days (or otherwise specified on the bidders registration form) to pay the money into the SA Boerperd Breeders Society account.*

2.1.8 Deelnemers aan die Stêrvul klas, sal in die jaar van die beoordeling self verantwoordelik wees vir die kostes van stalle.
Participants in the Star Foal class, will be responsible for the stabling cost in the year of judging.

2.1.9 Deelname aan die Stêrvul klas is nie outomaties nie. Deelnemers moet spesifiek daarvoor inskryf.
Participation in the Star Foal Class is not automatic. Participants must specifically select the class to enter.

2.1.10 Die merries wat beset gaan word, moet teen 31 Maart van die betrokke dekkingseisoen genomineer word. Dit gee die eienaar van die merrie ruim geleentheid om dragtigheid te bevestig.
Mares that will be covered must be nominated by 31 March of the covering season.
This gives the owner of the mare ample opportunity to confirm pregnancy.

2.2 DEKKINGS | *COVERINGS*

2.2.1 Indien ʼn hings sou vrek of onvrugbaar bewys word voor die einde van die dekperiode, en voordat die merrie dragtig verklaar is, sal die koper sy geld, wat hy vir die dekking op die veiling betaal het, kan terug eis.
If a stallion dies, or is proofed infertile before the end of the covering season, and before the mare's pregnancy is confirmed, the buyer of the covering at the auction will be reimbursed.

2.2.2 Indien die vul dood gebore is of later vrek, word dit as ʼn "Act of God" beskou en kan daar 'n ooreenkoms tussen die hings-eienaar en die merrie-eienaar aangegaan word, rakende ʼn verdere dekking. Die vul gebore uit die ooreenkoms, sal nie aan ʼn Stêrvul kompetisie kan deelneem nie. Die koper van die dekking en die hings-eienaar kan ʼn addisionele kontrak met mekaar sluit nadat die dekking bekom is waar hierdie gebeurlikhede duidelik omskryf sal word.
Should the foal be stillborn or dies after birth, it will be deemed an "Act of God". An agreement can be made between the owner of the stallion and mare to arrange another covering. The foal born from such new arrangement, will not qualify to take part in the Star Foal Competition.

The buyer of the covering and the owner of the stallion can draw up an additional contact where the circumstances are described.

2.2.3 Die dekkingsperiode vir die 2022 Stêrhings, is 1 Oktober tot 31 Januarie 2023. Enige vul wat buite die dekkingsperiode gebore is, sal NIE kwalifiseer vir die Stêrvul 12 maande & jonger klas, of toekomstige ryklassesklasse gekoppel aan die betrokke jaar nie.
The covering period for the Star Stallion 2022, is 1 October to 31 January 2023. Any foal not born within the covering season, will NOT qualify for Star Foal Competition under 12 months, or any other ridden class linked to that year.

2.2.4 Indien geen merrie wat deur die aangewese hings gedek is, dragtig word, of 'n vul gebore word uit die dekking nie, MAG die eienaar enige gekeurde hings nomineer as plaasvervanger, mits dit binne die datum soos vasgestel bly.
It the case where none of the mares nominated for covering by a specific star stallion fall pregnant, or no foal be born from this covering, the owner of the stallion may nominate any registered stallion as substitute, as long as it falls within the determined time frame.
